HOW TO MAKE A SEWN CLOTH FACE COVERING

**Materials**
- Two 10"x6" rectangles of cotton fabric
- Two 6" pieces of elastic (or rubber bands, string, cloth strips, or hair ties)
- Needle and thread (or bobby pin)
- Scissors
- Sewing machine

**Tutorial**
1. Cut out two 10-by-6-inch rectangles of cotton fabric. Use tightly woven cotton, such as quilting fabric or cotton sheets. T-shirt fabric will work in a pinch. Stack the two rectangles; you will sew the mask as if it was a single piece of fabric.
2. Fold over the long sides ¼ inch and hem. Then fold the double layer of fabric over ½ inch along the short sides and stitch down.
3. Run a 6-inch length of 1/8-inch wide elastic through the wider hem on each side of the mask. These will be the ear loops. Use a large needle or a bobby pin to thread it through. Tie the ends tight.
   Don’t have elastic? Use hair ties or elastic head bands. If you only have string, you can make the ties longer and tie the mask behind your head.
4. Gently pull on the elastic so that the knots are tucked inside the hem. Gather the sides of the mask on the elastic and adjust so the mask fits your face. Then securely stitch the elastic in place to keep it from slipping.
HOW TO MAKE A NON-SEWN CLOTH FACE COVERING

Materials
- Bandana, old t-shirt, or square cotton cloth (cut approximately 20”x20”)
- Rubber bands (or hair ties)
- Scissors (if you are cutting your own cloth)

Tutorial
1. Fold bandana in half.
2. Fold top down. Fold bottom up.
3. Place rubber bands or half ties about 6 inches apart.
4. Fold side to the middle and tuck.

Make sure your cloth face covering:
- Fits snugly but comfortably against the side of the face
- Completely covers the nose and mouth
- Is secured with ties or ear loops
- Includes multiple layers of fabric
- Allows for breathing without restriction
- Can be laundered and machine dried without damage or change to shape

AVAILABLE SUMMER 2020
The recent closures and disruptions in service because of the COVID-19 response did have one silver lining. It allowed the MWR staff to make much needed upgrades and improvements to some of their facilities and programs.

As we return to a new sense of normalcy, take this opportunity to check out and experience some of the new upgrades and improvements.

JIM CREEK NAVY COMMUNITY RECREATIONAL AREA

Adventure Pass
Jim Creek is starting a new program this summer to allow families to purchase an all-inclusive pass for rentals and paid activities such as the Jumping Pillow, Alpine Tower and tie-dye. Families can now choose what they want to rent and fill out all the required forms during check-in: freeing parents from the hassle of having to go to the Rental Office and pay for equipment or to fill out release forms when their children want to rent equipment or participate in an activity. Not all rentals are included in the pass and à la carte rental are still offered.

Trail Work
Jim Creek’s staff improved their seven hiking trails. They repaired footbridges, cleared debris, removed downed trees, added trail markers and signage, and created trail handouts that include trail data, restrictions and points of interest. They also added interpretive signage to Grouse Trail for people to identify the different trees, ferns and other flora on the trail. For all you anglers, Jim Creek continued their trout restocking program at Twin Lakes.

Cabin and Lodge Maintenance
Jim Creek’s maintenance staff pressure washed the playgrounds, picnic tables, walkways, parking lots and retaining walls. They stained the cabins, cleaned and fixed cabin roofs, and made repairs inside the cabins. The staff also had the time to complete work on many other projects.

Transition Assistance Program

The Transition Process:
Four Steps to Success

If you are within 12 to 24 months of separating or retiring from the Navy, contact your Command Career Counselor (CCC) or local Fleet and Family Support Center (FFSC). You will receive information about the Transition Assistance Program and available supportive services.

A CCC or FFSC staff member will conduct your Initial Self-Assessment Counseling (IC), which is a tool that is used to help reflect your personal circumstances, needs and transition goals to meet your Career Readiness Standards (CRS). After completing the IC, you will need to register for the TAP Workshop and select your career track.

The TAP Workshop will assist you with your CRS. It also includes a veterans’ benefits brief; employment information; guidance on financial planning; and the mandated Pre-Separation Counseling Briefing, which must be completed no less than 365 days prior to separation.

To achieve a balanced and smooth transition, attend the Capstone briefing no less than 90 days prior to your official retirement or separation from military service.

Start early. Preparing for life after the military is a process. The Transition Assistance Program will help you take the right steps for a successful transition to civilian life.
