A HUGE “Thank You” to Our UH Residents

For participating in the 2022 UH Tenant Satisfaction Survey!

Your feedback was critical to evaluate performance measures and improve quality of housing services for Naval Base Kitsap and all CNRNW UH residents!

- Don’t swim alone, know your limitations and capabilities
- Even if it’s hot outside, mountain-fed lakes and rivers here in the Pacific Northwest can remain very cold, hypothermia can set in within one hour
- Alcohol and sun can cause dehydration, practice caution if you begin to feel extremely thirsty, dizzy or fatigued
- According to the USCG, alcohol use was the leading factor in 18% of boating deaths
- Always let someone know where you are going and how long you will be gone
- Check out the Paddleboard, Canoe, and Kayak safety briefs on navylifepnw.com

The power grid for each building is not set up to support the electrical load that is required to run an A/C unit. A/C units found in rooms will be confiscated. **Note:** An effort is being made to provide a fan for every UH room. A small supply of fans are available, and more are on order. Please check with your building manager for availability.

**NOTE:** Flushable wipes aren’t as flushable as advertised. Toilet paper is designed to disintegrate in pipes and sewage systems, but flushable wipes are not. They are typically made with synthetic materials, plastics or polyester that won’t break down. So even if they flush down your toilet they can end up clogging the plumbing in our buildings and cause serious damage. Please dispose of flushable wipes in your waste bin.
