Navy Region Northwest

Dear Resident:

SUBJECT: LAUTENBERG AMENDMENT

NAVADMIN 234/04 requires that naval activities take certain actions to implement the Lautenberg Amendment of the Gun Control Act. The Lautenberg Amendment of the Gun Control Act makes it a crime to be in possession of a firearm if an individual has been convicted of a qualifying domestic violence offense. The NAVADMIN requires all individuals occupying government quarters to execute a DD form 2760 before bringing a firearm into their home. For purposes of the NAVADMIN, government quarters include public private venture (PPV) housing units as well. If you or any resident of your household has a firearm in government or PPV housing or plans to bring a firearm into your government or PPV housing, then every resident of the household over the age of 18 must submit a DD form 2760 to their local base security office. Each adult in the household must complete his or her own DD form 2760 and submit it to the local base security office before a firearm is brought into the household. Your local base security office is listed below.

Naval Air Station Whidbey Island
Building 220
985 West Forrestal Street
Oak Harbor, WA 98278
Phone: 360-257-3893
Fax: 360-257-1446

Additionally, you are required to check out with your local security office when you check out of government housing if anyone in your household filled out a DD form 2760 during your residency in government or PPV housing.

The information gathered on the DD form 2760 will be used for the purpose of determining which individuals are qualified to possess firearms in government quarters. Failure to execute the DD form 2760 will result in a denial of permission to bring a firearm into government or PPV housing.

If you have any questions, please do not hesitate to contact the Region Legal Service Office Northwest at 360-627-3400.

Sincerely,

J. R. HOFFMAN
